## Reading Workshop

Finishing the beginning of the year reading testing is going to be my focus this week. Your child will still receive reading instruction. Today, we used a Scholastic News to practice using "story vocabulary" to answer questions. For the remainder of the week, we will focus on Character, Setting, and Problem/Solution in a fiction story. The students will create their own "story cube" highlighting those story elements from a book of their choice.

## Writing Workshop

Students will write independently after the daily mini-lesson has been taught. I will not conference with writers this week. I'm going to use that time to read with students individually and finish testing.

## Computer Earbuds

- If you do not think you will be able to purchase earbuds for your child, please write me a note. I will make sure your child gets a pair.
- If your child was going to bring the earbuds back and forth from home to computer, please plan on getting them a separate pair. It is hard for 2nd graders to remember to bring their earbuds from home every Tuesday. They need to have a pair at school for Computer Class. If you do not think you can purchase another pair, please let me know.
